

YOUR PARTNER FOR  
STAMPING AND  
ASSEMBLING

**niko**

**Slovenia**

SINCE 1946

# Advanced stamping and assembling solutions

CLIPS, RIVETS, SPRINGS, PINS

## HEAT SINKS

# COVERS, HOLDERS, BUSHINGS, PLATES, CONTACTS, RIBS

## ASSEMBLIES

Our own design, construction and manufacture of assembly lines

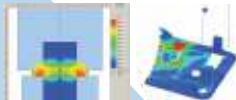

The world's  
largest producer

# Your partner for stamping and assembling

## Technological competences

Engineering – Design		<ul style="list-style-type: none"> <li>customer support “design for manufacturing” and “design for assembling”</li> <li>FEM analysis support</li> <li>design, R&amp;D in house</li> </ul>
Technologies		Progressive die stampings – combine tools for: <ul style="list-style-type: none"> <li>cutting, bending, deep drawing, forging</li> <li>fine stampings tools, wire forming tools</li> <li>cleaning, surface treatment</li> <li>automated assembly technologies</li> </ul>
Materials		<ul style="list-style-type: none"> <li>steel, stainless steel</li> <li>aluminium</li> <li>copper, brass</li> </ul> <div>           strips / coils / dimensions:           <ul style="list-style-type: none"> <li>thickness: 0,2 – 4,0 mm</li> <li>width: up to 600 mm</li> </ul> </div>
Tooling		<ul style="list-style-type: none"> <li>CAD / CAM equipment</li> <li>tool shop in house – modern machining equipment</li> <li>tool dimensions: up to 2500 x 1300 mm</li> </ul>
Stamping parts		<ul style="list-style-type: none"> <li>modern eccentric presses from 40 up to 400 tons</li> <li>quality control – modern measuring laboratory</li> </ul>
Application areas		<ul style="list-style-type: none"> <li>automotive industry</li> <li>stationary industry</li> <li>construction industry</li> <li>other</li> </ul>

## Stamping parts built in vehicles

# R&D resources

- strong team of highly educated engineers and technicians
- CAD/CAM equipment: Creo, Catia, Mastercam
- engineering simulation: AutoForm, Abaqus
- PDM/PLM system: Windchill
- Prototyping

# NIKO Slovenia

Member of RIH AG Austria
